AN ADMIRAL'S SALUTE.

Rr. Adm. Schley Was Warmly Greeted on Arrival in Louisville.

Louisville, Ky., Jan. 29.—Rr. Adm. Schley, who under the chaperonage of the board of trade and the Knights Templars, will be Louisville's guest until Friday next, arrived here over the Monon road at 7:15 o'clock Tuesday evening. He was greeted by an admiral's salute and a shouting crowd of many hundreds at the depot. He was escorted to his carriage by the full committee representing his hosts and driven to the residence of Marion F. Taylor, president of the board of trade. Here the admiral and Mrs. Schley spent a quiet evening.

The trip from Chicago was one long ovation and so vigorous were some of the handclaps which the distinguished seaman received en route that his hand was nearly "out of business," as the admiral explained. He begged the sub-committee of the Louisville reception committee, which met him at Salem, Ind., to handle it with care.

At Lafayette, Ind., grimy handed machinists rushed from the car shops to take his hand. "Never mind the grease," he said, and the men who had not wished to soil the admiral's gloves cheered.

Louisville, Ky., Jan. 30.—Adm. Schley Wednesday moved through the heaviest sleet storm that Louisville has seen in many years while following the programme of entertainment prepared for him by the board of trade. In spite of the bad weather more than 2,000 persons visited the board of trade Wednesday morning and shook the admiral's tired, but still ready and willing, right hand. Luncheon at the Pendennis club followed and at night the admiral was the guest of honor at the annual banquet of the board of trade at the Galt house. He responded with a bow to the cheers that greeted his entry to the banquet room. The room was flower laden. The guests sat at five long tables and numbered 200. The speaker's table was round and slightly elevated above the others. Marion E. Taylor, president of the board of trade, was toastmaster.

ADJOURNED SINE DIE.

Next Convention of Mine Workers Will Be Held in Indianapolis.

Indianapolis, Ind., Jan. 28.—The committee on resolutions made its final report to the miners' convention and was discharged. The convention referred to the special committee appointed to arrange scale districts a resolution offered by Vice President Lewis providing for establishing five scale districts to hold joint conferences with operators. The five districts as fixed by the resolution are:

First District—The anthracite field of Pennsylvania.

Second District—Central Pennsylvania, Maryland, Virginia and that part of West Virginia from which coal is shipped to the east.

Third District—Western Pennsylvania, Ohio, Indiana, Illinois, Michigan and that part of West Virginia shipping to the west.

Fourth District—Kentucky, Tennessee and Alabama.

Fifth District—The states west of the Mississippi.

Indianapolis, Ind., Jan. 29.—The mine workers in executive session, after two hours debate, adopted the scale as agreed upon by the committee. The scale recommended in secret session was for the general advance for bituminous mining of 10 per cent. on a "run-of-mine" basis, the differential of seven cents—the old figure—between pick and machine mining; 15 cents a day increase for inside drivers and a uniform scale for all outside labor.

A constitutional amendment, adopted, provided that hereafter the pass word be sent out to locals every three months instead of semi-annually, as has hitherto been the rule.

Indianapolis, Ind., Jan. 30.—The 13th annual convention of the United Mine Workers of America adjourned sine die Wednesday night at 10 o'clock after selecting Indianapolis as the place for holding the convention next year. Other cities after the convention were Scranton, Pa., Pittsburgh, Birmingham, Ala., Columbus, O., Kansas City, Springfield, Ill., Spring Valley, Ill., New York city and What Cheer, Ia.

The delegates to the joint conference to be held with the operators of the county convention Thursday were instructed to vote for Indianapolis for the joint conference next year. The convention before adjournment voted \$1,000 for the aid of the widows and orphans of miners killed in the Iowa disaster, adopted a ringing resolution against "government by injunction" and adopted a resolution favoring the re-enactment of the Chinese exclusion act.

Memorial Meetings Were Held and Collections Taken Up For the Canton Monument Fund in Other Cities.

Canton, O., Jan. 30.—Cantonians paid loving tribute to the late President McKinley in a memorial meeting at the tabernacle Wednesday night, which was participated in by people in all walks of life to the number that overtaxed the big enclosure, where many of the same people had so often listened to the words of their old friend and neighbor.

The chief orator of the meeting was Hon. William Dudley Foulke, of Indiana, the warm personal friend of the late President, recently selected by President Roosevelt for membership on the civil service commission. A short address was also delivered by Hon. George H. Laughlin, of Wheeling, W. Va., who, as a Canton manufacturer, became the close friend of Mr. McKinley. Dr. Josiah Hartzell, of Canton, a life long friend, spoke on the "Home Ties of President McKinley."

The principal one was on "McKinley as a Statesman," by Chancellor E. Benjamin Andrews.

TOTALLY DESTROYED.

The People's Church, at St. Paul, Minn., Burned—Loss, \$105,000.

St. Paul, Minn., Jan. 30.—Late Wednesday the People's church, an independent church with Congregationalist affiliation, of which Rev. Dr. G. S. Smith, the well-known sociologist, is pastor, was completely destroyed by fire. The building was a large one, containing an auditorium with a seating capacity of 2,300, kindergarten, industrial school, and with branches, besides smaller meeting rooms. Hard work by the fire department, however, was necessary to keep the flames from spreading to the Farrington apartment building and residences on the other side of the church. The church was built in 1888, and including its large organ represented an outlay of \$105,000, and had no church debt. The insurance was only \$5,000. Dr. Smith's valuable private library was in his study and was consumed.

THE SLEET STORM.

Estimated Property Damage in Little Rock, Ark., Will Exceed \$400,000.

Little Rock, Ark., Jan. 30.—The heaviest losses ever sustained in Little Rock from a like cause resulted from the terrible storm of sleet and cold rain which prevailed here for the past three days, culminating Tuesday night.

The business section of the city is a scene of desolation and business men on every hand are mourning heavy losses that can not be recovered by insurance. The estimated damage will exceed \$400,000, including loss to business. In many instances the loss has not yet attained its limit and continued damage will occur where the accumulated snow and sleet is not removed from the roofs of buildings.

In some parts of the city the telegraph and telephone poles are all down, pulling trees and wires with them, and forming a congealed mass of wreckage. Street cars were run irregularly all day. The fall of sleet amounted to about five inches.

Little Rock is practically shut off from the world. The Western Union lines are all down throughout the state. The Southern Telephone and Telegraph Co. reports a loss of \$25,000. The Little Rock Telephone Co. has not a line operating in the city. Most of its wires are broken and many of its poles are down, all for four blocks on Louisiana street having fallen with a crash Wednesday morning. Telephone wires set fire to the office and the fire department was called out and the flames were readily extinguished. Fully 5,000 shade trees were completely demolished.

Lexington, Ky., Jan. 30.—Lexington was in darkness Wednesday night and almost every street is blocked with fallen trees, telephone poles and tangled wires. The sleet, which began Tuesday midnight, continued without cessation all day and Wednesday evening the snapping of trees and poles was like cannonading. The mayor ordered all electric currents, except those supplying several street car lines, which are yet open, cut off for safety. Elevators and several small plants have had to suspend. Telephone companies have suffered seriously. Beautiful trees for which the city is noted are falling by hundreds. The sleet continues and in the heaviness of the fall and disastrous effects promises to eclipse any ever experienced here.

BEYOND CONTROL.

Runaway Car Jumped the Track, Colliding With a Depot.

Pittsburg, Pa., Jan. 30.—Three persons killed, two fatally hurt and a score of others more or less injured is the record made by two runaway cars on the Monongahela branch of the Pittsburg Railway Co. Wednesday night.

The accident happened at the foot of the long hill running into Wilmerding from McKeesport. A car without passengers got beyond control of the motorman and dashed down the hill one and a quarter miles long at a terrific speed. At the bottom it jumped into the Pennsylvania railroad station, carrying away the side of the depot and tearing up the platform.

Charles Wright, the motorman, is so badly hurt that he can not recover. A large crowd gathered about the wreck and 12 minutes later a second runaway car came tearing down the hill and ploughed into the crowd with death dealing force. On the way down the hill the second car struck a carriage containing James Broad and Lizzie Minner, on their way to McKeesport to be married. The carriage was completely wrecked and the driver, Alex Saunders, was fatally hurt. The young couple escaped with comparatively slight injuries and later were married.

The scene at the wreck when the second car hurled into the crowd was beyond description. A blinding sleet storm prevailed at the time and it is said the two cars "skated" down the hill with brakes tightly set.

FIFTY-SEVENTH CONGRESS.

Washington, Jan. 24.—Senate.—An unsuccessful effort was made Thursday by Mr. Mason (Ill.) to obtain consideration for a joint resolution which he introduced extending the thanks of congress to Rr. Adm. Winfield Scott Schley for his brave and able conduct while in command of the American fleet in the victorious battle of Santiago. The resolutions introduced by Mr. Teller providing for intervention on the part of this government in behalf of the Boer commandant Scheepers, sentenced to death by the British South African authorities, was postponed indefinitely, as Scheepers had been executed. Mr. Teller made a brief but caustic speech on the action of Great Britain in the Boer war and declared that if the facts of this case were as he understood them "Great Britain, in putting Scheepers to death, is guilty of a vile assassination." The department of commerce bill was under consideration during the greater part of the session, but no definite progress was made. Adjourned until Monday.

House.—The consideration of the urgent deficiency bill, which has been under debate in the house since Monday, was completed Thursday, but, owing to the lateness of the hour, passage of the bill was postponed until Friday. A successful effort was made to increase the pay of rural free delivery carriers from \$500 to \$600 per annum. Representative Dick (O.) introduced the bill agreed upon by the militia officers of the several states to increase the efficiency of the militia.

Washington, Jan. 25.—House.—The house passed the urgent deficiency appropriation bill and devoted the remainder of the session to private pension legislation. It then adjourned until Monday. The republicans forced a record vote on the amendment to the deficiency bill to appropriate \$600,000 for the "protection and shelter" of American soldiers in the Philippines and 16 democrats voted for it. Representative H. C. Smith (Mich.) introduced a bill repealing Paragraph 11 of Section 2 of the war revenue act. The section which it is proposed to abolish is that imposing a tax of \$50 upon bankers having a capital of not exceeding \$25,000. The senate was not in session.

Washington, Jan. 28.—Senate.—An animated and prolonged discussion was precipitated in the senate Monday over the right of army officers to criticize utterances made in the senate or elsewhere on the conduct of affairs in the Philippines. Bills were passed as follows: To amend an act granting to the Clear Water Valley Railroad Co. a right of way through the Nez Perces Indian land in Idaho. Bills introduced: Providing for the erection in Washington of a statue of the late John Sherman to cost \$50,000; to prevent a false branding or marking of food and dairy products as to the state and territory in which they are produced; to increase the efficiency of the militia.

House.—The house adopted a resolution calling for documents relating to the old training ship Vermont which was placed out of commission last summer, and also passed a bill to provide for the compulsory attendance of witnesses before registers and receivers of the general land office. A bill to appropriate \$100,000 for the establishment of homes for teaching of articulate speech to deaf children was defeated. The house adjourned until Wednesday.

Washington, Jan. 29.—Senate.—The bill to create a department of commerce and labor passed the senate Tuesday. Senator Hoar introduced a bill increasing to \$100 per month the pension rate for total blindness. A bill was passed providing for the transfer of census records and volumes to the census office; also a bill increasing the limit of the cost for the public building at Cleveland, O., from \$2,500,000 to \$3,000,000. A number of private pension bills were passed. Just before the adjournment of the senate Senator Spooner introduced a substitute for the Nicaraguan canal bill. The new bill practically authorizes the president of the United States to choose between the Panama and the Nicaraguan routes.

Washington, Jan. 30.—Senate.—For an hour Wednesday the senate had under discussion the question whether a censorship of press dispatches exists in Manila. While no such turbulent scenes as Tuesday's were enacted the debate for a time was very spirited. The secretary of war was quoted as saying that no press censorship now existed in the Philippines, and a letter from Gen. Greely, chief signal officer of the army, was presented by Mr. Beveridge (Ind.), making the statement officially that there was no censorship of press dispatches and that "the press is entirely free."

House.—The house adjourned after being in session 25 minutes. Mr. Hopkins (Ill.) reported the permanent census bill and gave notice that he would call it up Thursday. A request to make the oleomargarine bill a special order for next Monday was objected to on the democratic side.
